

Blackbaud Raiser's Edge NXT®

Certified Connector to the Microsoft Power Platform

Not all superheroes wear capes—or have technical degrees. The certified connector between Blackbaud Raiser's Edge NXT and the Microsoft Power Platform™—Power Apps™, Power Automate™ and Power Virtual Agents™—empowers everyday heroes like you to quickly and easily build apps, automate workflows, and solve the business challenges holding your organization back from meeting its full potential.

Leverage the Extensibility of Blackbaud Raiser's Edge NXT + Blackbaud Marketplace.

Imagine a world where your staff members can innovate on your behalf—where you see a problem and can solve it in days rather than months or even years, and then actually see the staff time saved, beneficiaries served, and donors retained by the efficiencies gained.

The Microsoft Power Platform provides customers with enhanced capabilities to extend the functionality of Blackbaud Raiser's Edge NXT, drive collaboration, increase automation, and achieve a more comprehensive constituent view to optimize fundraising and supporter relationship management efforts.

Through this connectivity, you can build a web portal for individual fundraisers to view relevant gifts and donors, create a volunteer or alumni directory, create a sign-up form that automatically adds volunteers to your database, or automate email requests such as unsubscribing from physical or digital newsletters—the possibilities are endless.

INTEGRATE, STREAMLINE, AND ENGAGE USING THE MICROSOFT POWER PLATFORM

Power Automate™

Boost productivity and mitigate redundant tasks by automating organizational workstreams

Power Apps™

Transform ideas into solutions by enabling your staff to build custom apps—in minutes, not months— which solve organizational challenges

Power Virtual Agents™

Build chatbots to engage supporters conversationally by answering frequently asked question, further freeing up your staff

About Blackbaud

Leading uniquely at the intersection point of technology and social good, Blackbaud connects and empowers organizations to increase their impact through cloud software, services, expertise, and data intelligence. We serve the entire social good community, which includes nonprofits, foundations, companies, education institutions, healthcare organizations, and the individual change agents who support them.
